

## About Legislature in the Classroom

Inside this brochure you will find a description and several options which can be easily adapted to fit your classroom curriculum.

The President of the Monroe County Legislature firmly believes that **building ties and connections with youth** in our community is necessary for a healthy civic society. This exercise attempts to make government fun for students in an active learning environment.

This brochure begins with a description of three options we have created for this program. Legislators and staff are more than happy to work with individual teachers to adapt the program to meet the needs of your students. Inside this brochure is an in-depth description of what each option entails. Supplemental Information, specifically pertaining to the Mock Legislature option, is available upon inquiry at 753-1922 or [monroe12@monroecounty.gov](mailto:monroe12@monroecounty.gov)

## Tour of the Chambers

This option includes a tour of the Legislative Chambers in the County Office Building, 39 West Main Street Rochester, NY, fourth floor, and is accompanied by a short legislative exercise.

During this exercise different areas of the Chambers will be explained:

- The President's Podium
- The Clerk's area
- Each side of the Legislature
- The Administration Table
- The Gallery and Media area

After a basic overview, the students will be given a brief summary of the Legislative procedures and the students will fill the seats in the Chambers. The tour guide will then provide an issue and assign each side a view on the issue. Each side will present their points and ask questions.

Once this portion of the tour is complete a roll call vote will take place and the prevailing side will be announced.

## Legislators in the Classroom

This option is similar to the Tour of the Chambers, but Legislators visit the classroom and discuss the legislative process and lead students through a discussion and debate exercise. This option provides a guarantee of Legislator/Student interaction.

Legislators in the classroom provides greater flexibility in scheduling for the teacher and students.

During President Adair's "Legislature in the Classroom" session at Wheatland Chili High School he was able to educate high school seniors on the importance of voting and the impact it has on their future.

Each of our Legislators come from diverse backgrounds and work in various professions. They will be able to provide students with a unique perspective of Monroe County Government.
